

Lubrications Systems Alemite Lubrequip

Alemite Lubrequip is a manufacture and supplier of greasing equipment, drum pumps and hose reels.

Portable Oil Transfer Kits

Manufactured specifically for the transfer of oil
Flow rates of up to 10LPM

Ideal for applications in construction, agriculture, boating and remote areas

Self priming rotary vane pump

Cast iron pump body inclusive of an anti-corrosion treatment

Fixed brush motor with permanent magnet stator

Duty cycle of 30 minutes on and 30 minutes off

Supplied inclusive of a 2-metre battery connection cable with clips, 4-metre 3/4" diameter oil delivery hose, on/off control valve and intake hose filter

Total weight of 9.0kg

<u>Part Number</u>	<u>Product Description</u>	<u>Current Draw</u>	<u>Flowrate</u>
309060	12V portable oil transfer kit	35 amp	10LPM
310070	24V portable oil transfer kit	18 amp	15LPM

Oil Transfer Kit with Oil Control Valve

1:1 ratio pump capable of delivery rates of up to 50 litres per minute

Ideal for the transfer of low viscosity products such as oil, waste oil, antifreeze and coolant

Includes 3 metres of R1 hose, heavy duty oil control valve complete with genuine non drip nozzle, and bung adaptor

Material outlet: 3/4" NPSM (f)

Air inlet: 1/4" BSP (f)

Air flow adjustment valve facilitates oil delivery rate control

Suitable for use in 205 and 60 litre drums

Oil transfer made easy

S Series Air Hose Reel

Impact resistant UV stabilised covers for maximum durability

Automatic and positive latching mechanism

Can be mounted on floor, wall or ceiling

Adjustable spring tension

High flow swivel and fluid path facilitates maximum air flow

Crimped hose ends reduce OH&S concerns and possible air leaks

Detachable steel mounting bracket included standard enables 180° hose reel rotation

Includes 15 metres of 12mmID hose and a 0.9 metre lead in hose

“Your Fluid Power, Filtration & Lubrication Engineers.”
